

**CPH 682-001: Quantitative Methods  
Entrance Survey**

**Fall 2017  
Dr. Charnigo**

Please *print* your first and last names. If people often mispronounce one of your names, please indicate the correct pronunciation.

---

By default my e-mail list for this course will consist of those e-mail addresses under which students were registered as of 9 p.m. on 23 August 2017. Please *print* any e-mail address that you wish added to my list, if applicable, either because you registered after 9 p.m. on 23 August 2017, or because you have an alternate e-mail address that you like to use, or because the e-mail address under which you registered will bounce messages sent from my AOL account.

---

Please list the mathematics and statistics courses that you have previously taken as an undergraduate or a graduate student.

Sometimes I may be impressed by a student's answer to an exercise that appeared on a team project or an examination. Please let me know whether, if this should occur with one of your answers this semester, I have permission to share your answer with other students as a good example and/or refer other students to you directly.

- Yes to both.
- Yes to sharing the answer, but please do so anonymously and do not refer other students to me.
- No to sharing the answer itself, but other students may be referred to me.
- No to both.

Please indicate your preference regarding the communication of grade information in e-mail memoranda. (You can change your preference, or four-digit number, later in the semester by informing me in writing.)

- I wish for my grade information to be posted by the following four-digit number: \_\_\_\_\_.
- I do not wish for my grade information to be posted.

Signature: \_\_\_\_\_ Date: \_\_\_\_\_/\_\_\_\_\_/2017
